

## Team1

Mike Bryant  
Dorna Shakoory

Julia Sebring  
Mikayla Kosmala

You will need to create a 1-page proposal that includes:

1. A brief articulation of your chosen topic and rationale
2. A link to your data set(s) and a screenshot of the metadata if it exists.
3. 3 or 4 screenshots of relevant, "inspiring" visualizations that frame your creative fodder
4. A sketch of the final design
5. A link to the primary GitHub repository you'll be housing your work in

---

**Topic:** World Happiness-Determining how happiness compares across different countries around the world

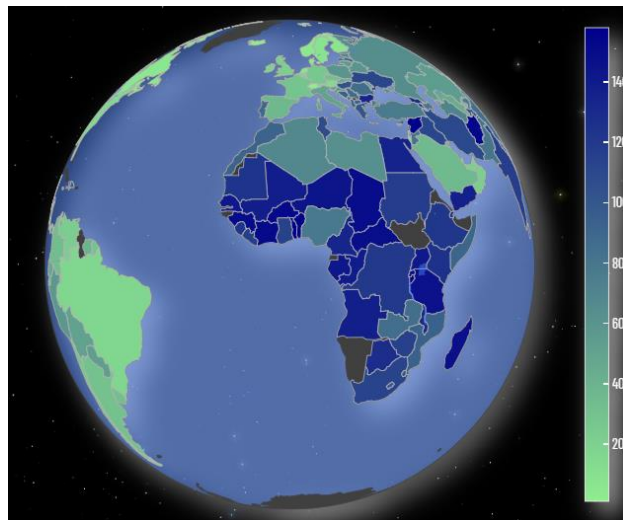

**Link to Dataset:** <https://www.kaggle.com/unsdsn/world-happiness>

**Visualization of our framework**

Dropdown for Country

Dropdown for Year

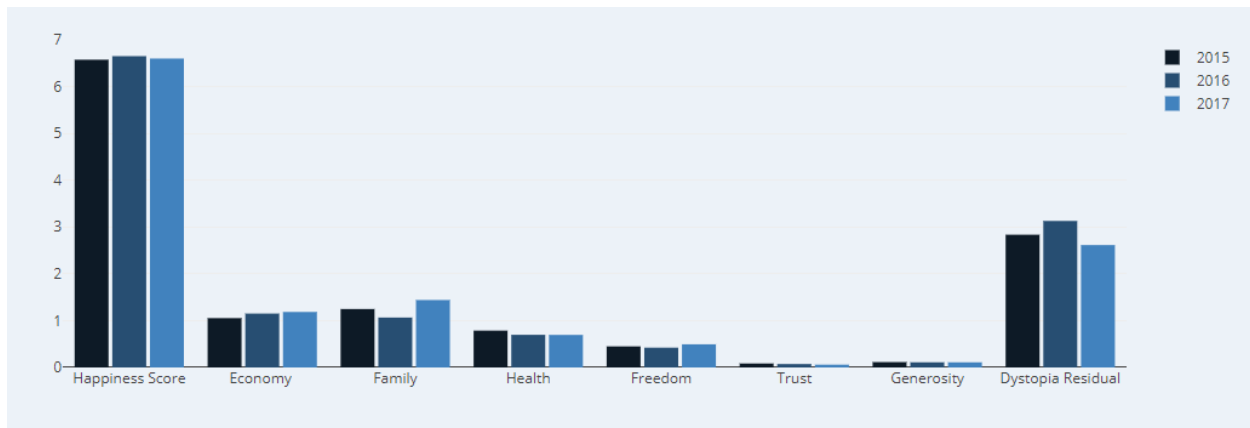

Interactive World Happiness Visualization with options to select from

Happiness Score visualized by a Gauge Graph

Exploring all the factors that result in the overall happiness in a country
